Case No. 2:22-cr-00014-WBS

STIPULATION FOR TEMPORARY
MODIFICATION OF CONDITIONS OF
PRETRIAL RELEASE; ORDER

JUDGE: Hon. Carolyn K. Delaney

17 IT IS HEREBY STIPULATED by and between the parties hereto through their
18 respective counsel, that Mr. Cornett's conditions of pretrial release may be temporarily modified
19 to remove Mr. Cornett's ankle monitor for purposes of a medical appointment involving an MRI.

20 Mr. Cornett has been under Pretrial Services supervision since November 22, 2022. He
21 is currently subject to a combination of release conditions, including that he participates in an
22 electronic location monitoring program with a curfew. According to his supervising officer, Mr.
23 Cornett has been in compliance with all of his release conditions since his release in November
24 2022; he reports as instructed and there have been no location monitoring violations. Mr. Cornett
25 continues to reside with his third-party custodian, who also reports that he is doing well.

26 Mr. Cornett suffers from spina bifida which results in many medical complications.
27 Recently his doctor scheduled an appointment for Mr. Cornett to undergo an MRI on March 18,
28 2024 at 12:00 p.m. in Sacramento, CA. The imaging will require the temporary removal of the

1 location monitoring transmitter. Given Mr. Cornett's compliance with his conditions of release,
2 if the Court so orders, Pretrial Services would allow for the temporary removal of the transmitter
3 by a Pretrial Services Officer in the morning of March 18th and for Mr. Cornett to return to the
4 office in the afternoon, following the appointment, for reinstallation. The defense requests that
5 this temporary modification be made to allow Mr. Cornett to undergo this medical procedure per
6 the orders of his doctor. The government has no objection to the modification of this condition.
7 The parties and Pretrial Services agree that all other conditions of pretrial release are appropriate
8 and should remain in full force and effect.

10 Respectfully submitted,
